Costs So Little to Change to
"HOFFMAN'S SEED WHEAT"

Please figure like this—it's the only right way!

When you buy new Hoffman Seed, you *save your own!* You can sell your wheat at a good price now. Then add a small amount to the money you get for it—and your new seed will be paid for!

Then, you sow less of Hoffman Seed. You safely save a peck to a half-bushel per acre. That reduces your investment, and you take no risk—positively.

Hoffman's price-per-bushel includes the freight and the bags, too!
